

# Developing a Long-Term Financial Plan Webinar

**April 8, 2020**

**10:00 – 11:30 MST**

*Presented By Tim Duhamel*

**Having a long-term financial plan is essential for municipalities to succeed in today's challenging times. Learn how a long-term financial plan can support the success of your municipality!**

- ✓ **Long Term Financial Planning.** Municipalities face unprecedented challenges in the delivery of essential services. Having a long-term view and a plan for financial sustainability is critical for the success of any municipality. Join us for this webinar to learn about the key components of a municipal long term financial plan.
- ✓ **Financial forecasting and strategy.** A long-term financial plan combines financial forecasting and strategy. Learn how strategies and actions are developed to overcome future financial challenges.
- ✓ **Financial plan objectives and principles.** What are the objectives of a long-term financial plan? And what principles should be followed to ensure success? This webinar provides a comprehensive view of why we need a long-term financial plan, and what key philosophical principles support financial sustainability.
- ✓ **Strategy, service delivery, and budgeting.** Learn how a long-term financial plan supports the goals of the strategic plan, enables service delivery, and guides budget decision-making.
- ✓ **Long term financial plan policy.** Learn about the key policies that are required to guide decision-making, and how they are developed in the context of a long-term financial plan. Examples will be provided.
- ✓ **Professional development essentials.** This webinar will provide the essential knowledge required by today's municipal financial officer to play a key role in a municipality's success.
