

# Leadership and Management: Skills Critical for Success Webinar

**April 21, 2021**  
**10:00 AM – 11:30 AM MST**  
*Presented by Tim Duhamel*

***This webinar brings leadership and management theory and practices together to enhance your skillset to motivate others to get extraordinary things done.***

**Significantly increase your leadership abilities by learning about the relationship between leadership and management.**

- ✓ This webinar will highlight the practices leaders use to transform values into action, vision into realities, obstacles into innovations, separateness into solidarity, and risks into rewards.
- ✓ A customized webinar that is fully focused on leadership and management in the municipal world.
- ✓ Learn how your area fits and how your leadership can make a difference in the success of your municipality.
- ✓ Examples of municipal success will be part of the webinar curriculum.

**Enhance your management and leadership skills to achieve extraordinary results.**

- ✓ Learn the key differences between leadership and management.
- ✓ Learn how to develop and manage goals for individuals and teams.
- ✓ Learn how to utilize performance management to turn difficult situations into successful ones.
- ✓ Engage yourself and the people you lead through essential leadership and management practices.
- ✓ Learn how to “lead from behind” – be a leader without position authority.
- ✓ Learn how to use key management tools to enhance your management abilities.
